### The Gift of Hope

Hope is one of the great Christian virtues and it must be nurtured in each one of us. These are challenging times for us as we try to cope with a pandemic that will soon be a year old. St Paul has good advice for us in his Letter to the Romans 12:11. He says '*If you have hope this will make you cheerful. Do not give up if trials come and keep on praying.*' So keep up the spirits, do not lose heart and keep on praying. Be patient and do nothing to endanger your own health or the health of others.

### A Prayer For Healing and Hope

God our heavenly Father, grant us the fortitude of Christ your Son to face the Covid-19 pandemic with confidence, patience and hope. Give us the grace of the Holy Spirit to free us from fear and anxiety and help us to look to the future with trust and hope in You.

May the intercession of St Joseph, and Mary the Mother of God, help us and guide us through this difficult time. We ask you Lord to protect us from all harm, protect the vulnerable, bless all health care workers and reward them for their goodness.

Be with us now and keep us now and keep us safe as we look forward in joyful hope to brighter days ahead. Amen

### Being a Good Neighbour

During the lockdown and the winter time of the year of the year we ask that you be especially vigilant and look out for elderly neighbours, those who live alone and may be feeling isolated and lonely. Just make a phone call or call to their door to make sure that they are warm and have food in the house. Usually all that is needed is a friendly voice and a listening ear.

### Update on Webcam

Masses from Drung, Bunnoe and Kill churches are now being streamed on-line on [www.churchtv.ie](http://www.churchtv.ie) It took some time to get Kill church broadband issues sorted but thankfully they are now resolved.

### Pope Francis Receives Vaccine

Pope Francis received the Covid-19 vaccine on Wednesday last. He said: 'I think that ethically we should all receive a vaccine. It's an ethical choice because you are playing with your health, your life, but also the lives of others.'

### Getting Exercise

It is important that if possible that we get a bit of exercise and fresh air each day. It is good for the mind and the body. So exercise with care.
